

TARIFF BILL NOW BEFORE CONGRESS

CHANGES MUCH EFFECT PACIFIC COAST STATES

General Provisions and Changes in Duties Will Bring in Revenue of Three Hundred Million

WASHINGTON, March 17.—Chairman Payne of the ways and means committee, today presented the tariff bill, which contains one hundred thousand words. It is estimated that the revenue under the duties prescribed will be three hundred million dollars.

The changes in the tariff will have particular effect on the Pacific coast states. Figs are increased from two to two and one-half cents per pound; olives, bulk, are raised from fifteen to twenty cents a gallon. Ripe olives are taken from the free list and placed on the same status as the green.

The paragraph relating to olive oil is so worded as to make the oil dutiable as to the rates of the Dingley bill, and to overcome the court decision holding that all oil must be assessed under the bulk rate of forty cents a gallon. The result is that hereafter olive oil in jars, and packages of less than five gallons, must pay fifty cents a gallon. The law relating to olive oil to be used for mechanical purposes is worded so that only olive oil which has been denatured and rendered unfit for food can be placed on the free list.

Raisins are left unchanged, at two and a half cents a pound; lemons are increased from one cent to one and a quarter cents per pound; Zante currants remain at two cents a pound; oranges remain at one cent a pound; grapes are increased from

twenty to twenty-five cents per cubic foot. All nuts and fruits not previously mentioned remain unchanged. No change is made on hops and wines. Crude petroleum is on the free list as formerly, with the former countervailing duty. Borax is reduced from five to two cents per pound.

Asphalt was reclassified and the duty regulated by the amount of bitumen contained. The duty will be \$3 for one hundred per cent of bitumen, and \$1.50 for fifty per cent, with lower percentages graduated.

Except on borax, the tariff on no purely California product has been decreased.

It was learned today that a memorial from the California legislature, asking for the same rates on fruits, was never presented to congress by Representative Needham, because, after a hard fight, he had secured the increases mentioned on the day the memorial arrived.

New York importers made a hard fight against California fruits, and at one time the schedule was actually reduced, but was finally forced up. Needham said today that the duty on lemons was not raised to a cent and a half, as requested, because it would endanger the duty on oranges, and so was compromised at a cent and a quarter.

GETTING JURY TO TRY YUNG

Wineryman, Arrested in November, 1907, Faces Third Jury on the Charge

Today in the Superior court the trial of Joseph Yung, a wineryman, on a charge for which he was arrested on Nov. 14, 1907, was begun, the greater part of the day being taken up in the selection of a jury. Probably before court adjourns for the day the prosecution will have its first witness on the stand. Attorney Nesbit of Los Angeles, is appearing for Yung. District Attorney Davis and Deputy Rutan are prosecuting.

Yung was arrested in November of 1907 on a charge of keeping a place where liquor was sold. He was first tried at Orange, the jury disagreeing. He got a change of venue to Fullerton, where he was convicted and sentenced to a fine of \$250 and twenty days in jail. He appealed to the Superior court, where a new trial was ordered and which today began.

H. C. Page was excused for cause after being called to the box, he having served on the jury at Fullerton. The prosecution did not use a peremptory on any of the first thirteen men in the box. The defense challenged five, T. L. Jackson, J. R. Swayze, Jacob Walton, I. R. Horton and A. H. Nickell. The first seven men sworn in to try the case are J. C. Cawthon, W. J. Cole, W. H. Graser, Morris Smith, E. Griset, J. E. Warne and Archibald Henry.

BEACH STORE ALSO CAUGHT

Proprietors Have to Stand Fine as the Sellers Would Not Stand Behind Them

Yesterday afternoon Mrs. E. E. Sharps and Mrs. N. B. Tillit, who have a little grocery store at Newport Beach, were in Justice of the Peace Smithwick's court on a charge of violating the state pure food law. They pleaded guilty and the firm was fined \$25, which fine was paid by the women. They said that the company from which they bought the goods that got them into the trouble would not stand behind them. In the cases with the three Santa Ana grocers the fines were cared for by the wholesalers. Mrs. Sharps and Mrs. Tillit were charged with selling "Rex Brand Chicken Pate with Ham," packed by the Cudahy Packing Co., that it had what is known as "boron compound," contrary to the pure food law. The women said that the Cudahy company would not pay the fine.

INSURRECTION BEGINS AGAINST GOMEZ OF CUBA

HAVANA, March 17.—There are indications of a wide-spread conspiracy for an uprising in Cuba. A small party headed by a rural guard sergeant have taken to the woods and are being pursued. The insurrection is supposed to be directed against Gomez.

This year 12,554 women registered in Boston to vote for school committee. Twenty-nine years ago, when the privilege of voting at these elections was first granted to women, only 900 registered, and for the following nine years the average was only a little over 1000.

RUNAWAY TRAIN DEALS DEATH AS IT CRASHES INTO STATION

Plug Blows Out in Engine: Hurls Engineer From Cab And Train Runs Wild for a Mile: Wounded Fireman Climbs at Last to Throttle

MONTREAL, March 17.—A fast train on the Boston & Maine railroad today, running wild with no one at the throttle, crashed through the station here, plunged into the women's waiting room, killing six persons instantly, and probably fatally wounding five.

The blowing out of a plug hurled the engineer from the cab and disabled the fireman, when the train was a mile from the station. With no one to guide it the heavy train came thundering into the city at terrific speed, jumping the track near the station, and drove itself straight into the building with the force of a titanic projectile.

The place was so completely demolished that the railroad employees who have been working in the ruins were not able to identify any of the victims up to noon today. There is little likelihood of any identification being made this afternoon. The walls and roof of the building were shattered and toppled down on the roaring locomotive, leaving a mass of smoking ruins. The fire and steam made great danger of conflagration and the fire department had to check the flames before any rescue work could be done.

The train left Boston at 8:30 last night. The fireman made an heroic effort to stop the train when he saw the engineer hurled from the cab and though severely wounded had climbed to the engineer's place, and had grasped the throttle just as the engine crashed into the station. He was killed at his post.

The accident occurred at the Windsor station. The train was composed of a locomotive, baggage and three passenger cars. The engine went

through a brick wall as though it was paper. The following is a list of the injured as far as can be obtained:

Mark Cunningham, engineer, probably will die.

Unknown Pole, probably die.

Robert Buckingham, Westmount, may recover.

Cecelia De Lisle, Indian girl, may die.

J. Wells, Montreal, injuries serious.

William Plante, Montreal, may recover.

Alice Goodleaf, Indian, seriously injured.

C. R. Christie, slightly injured.

Three are now positively known to be killed. An unknown little girl was crushed to death, and Mrs. W. J. Dixon and child were crushed beneath the tender. Her husband, W. J. Dixon, a train dispatcher from Medicine Hat, was on board the train bound for Montreal. The list of injured has now reached sixteen. The property loss is estimated at one hundred thousand dollars.

JUDGE GIVES LONG CHARGE

18,000 Words in Instructions to Cooper-Sharpe Jury Covering Every Point

NASHVILLE, March 17.—Judge Hart today made one of the lengthiest charges to the jury in the history of the courts of Tennessee, in the Cooper-Sharpe trial.

The instructions contained approximately eighteen thousand words. They covered every point raised in the case, so that the most partisan spectator could not find fault.

Judge Hart said: "While the indictment contains but one charge under the law, it embraces four felonies: Murder in the first degree, murder in the second degree, voluntary manslaughter, and involuntary manslaughter."

LONG DISTANCE WIRELESS FOR NAVY DEPARTMENT

WASHINGTON, March 17.—The naval establishment will be furnished with wireless apparatus that will transmit messages 3000 or 4000, day or night. The ships will be furnished with similar apparatus with 1000 mile power. The apparatus contracted for will be 30 times as powerful as ordinary, and will enable the navy department to communicate with its ships across the Atlantic.

ELECTRIC LIGHTS FOR GROUP OF TOWNS

DOWNEY, March 17.—Now that the new electric light plant has been installed at Downey and the County Farm, it is the intention of the owner, Col. J. R. Gordon, to extend the lines to Rivera, Norwalk and Artesia, at the earliest possible date.

SICK SENATOR IS THE PIVOT

On Which Direct Primary Bill Is Swinging; Deadlock Is Sure to Result

State Tax Rate Value Measure Is Passed; Also Age of Consent Bill

SACRAMENTO, March 7.—Senator Stetson, lying ill in his Oakland home threatened with pneumonia, is today the pivot in the fate of the direct primary bill. If he had arrived at the capital today the Senate would have again voted on the question of concurrence in the Assembly amendment providing for votes by districts instead of state wide, on United States senators.

If Stetson voted he would cast his vote with the anti-organization forces, dividing the Senate twenty to twenty, creating a deadlock that could only be broken by Lieutenant Governor Porter's deciding vote. Stetson's failure to arrive today will probably postpone further action until tomorrow. After yesterday's exciting fight, when the Senate remained locked up for an hour, while machine lobbyists attempted to win over the weaker members to vote for concurrence, it is now generally conceded that the only hope of settling the question is by deadlocking and forcing a decision by Porter.

STATE TAX LEVY BILL PASSED BY ASSEMBLY

SACRAMENTO, March 17.—The Assembly today passed the state tax levy bill. The measure provides that the state board of equalization may raise for the sixty-first and sixty-second fiscal years, a total of \$15,009,547, to be divided among the various funds.

The Senate also passed the Whitney bill raising the age of consent from sixteen to eight, with one year as the minimum punishment.

JOHN MUIR CALLED TO SICK DAUGHTER

PASADENA, March 17.—A sudden summons from Daggett yesterday called John Muir, the famous naturalist, who was a guest of Mr. Harri-man, to the bedside of his daughter, Helen, who is reported seriously ill at one of the Grand Canyon resorts.

CIGARETTE TO BE BANISHED

Arizona Wants Not the Filthy Weed; Segregates Negro School Children

PHOENIX, Ariz., March 17.—The lower house of the legislature this morning passed the bill prohibiting the sale of cigarettes in Arizona. As the measure stands the local manufacturers will not be interfered with, but the product must be sold outside the state.

A bill segregating colored children from the whites, at the option of the school trustees, where there are over eight in any district, was made a law by the passage of the bill over the governor's veto.

BRITISH AMBASSADOR TO VISIT LOS ANGELES

LOS ANGELES, March 17.—Hon. James Bryce, British Ambassador to the United States, will arrive in this city at 8:25 o'clock, tomorrow morning from Albuquerque. He will be entertained at a luncheon at the California Club at 1 o'clock, and will be guest of honor at a reception given by the City Club in Gamut Club Auditorium in the evening. He will go to Berkeley Friday.

A site has been set aside on the grounds of the Alaska-Yukon-Pacific exposition for camp where students and graduates of the leading universities and colleges of the country will have headquarters.

EXCITING THUG CHASE AT CROWN POINT, IND.

CHICAGO, March 17.—Three masked men today blew open the safe in the postoffice at Crown Point, Ind., robbed the town treasurer, stole a buggy and escaped. A posse of citizens attempted to intercept them, but after a running battle the thugs escaped. It is reported that a large sum was stolen.

LOCAL REALTY MARKET IS BEST IN SEVERAL YEARS

Agents Report Large Inquiry and Large Number of Cash Sales Recently Made Here

There is more activity in local realty circles, more sales for cash, more prospects and more inquiries than there has been in four or five years.

"There have been more good sales in the last week or two," said a real estate man this morning, "than there has been in any like period for four years, anyhow. There are a great many new people here looking for homes, people who have come to Orange county to make their homes. There is lots of inquiry for ranch property, and a number of sales have been made. Figure up the number of sales of residences and residence sites here in Santa Ana in the last few weeks, and it mounts up."

There is an increased activity among builders and contractors. All over the city carpenters, brick-layers and cement men are at work. There are a score or more cottages being built and a number of handsome residences are being contemplated or are under course of construction. The Fred Kingston, Mrs. L. G. Kendall and L. Eckley permits will aggregate \$11,500.

One of the largest sales in ranch property made here for some time has just been consummated. The eighty-six acres north of Tustin, at the end of Santa Clara avenue, has been sold by its owners, George Nay and W. R. Hillyard, to Charles Bordston of Porterville. Of the eighty-six acres there is forty of it set

to oranges and lemons. Ten acres of it unplanted is good fruit land. The remainder is barley land at present. The consideration is said to be \$43,000. The purchaser owns a large orange orchard at Porterville. He will spend considerable money in improving the place. He expects to put down a well and install a pumping plant. At the present time the place has a California house on it.

C. C. Collins, the packer, has just sold twenty acres a mile south of Olive to Reed and Brinsmead. The place is set to valencia oranges.

Papers were recorded yesterday whereby Jesse Dinsmore came into Possession of 25.67 acres in the Lockhart tract, West Orange, in a deal with Mrs. Martha Shaffer. The land is set to grown walnut trees.

Here in Santa Ana the most recent sale of residence property was probably that made yesterday by Marsh & Talley of Rev. C. A. Young's residence on North Main street, near Washington avenue. This property was sold for \$6000 to Dr. Robinson, a physician and surgeon who comes here from Riverside to locate. He will have offices above the Farmers & Merchants' National Bank.

Justice of the Peace Smithwick has bought a home on North Broadway near Washington, from A. C. Dunham. Thomas McKeever has sold to Mrs. Susan C. Halsell the south half of lots 22, 23 and 25 of Smith & Bishop's addition.

RECALL CASE HAS NEW TURN

Injunction to Prevent Election to be Asked for; Harper Returns to City

LOS ANGELES, March 17.—A petition for an injunction to prevent the recall election was completed today by Attorney Meserve. It will be filed within twenty-four hours.

It is planned to have the case decided without delay.

HARPER RETURNS TO GO BEFORE THE GRAND JURY

LOS ANGELES, March 17.—Former Mayor Harper returned from Corcoran this morning in answer to a summons to appear before the grand jury which is probing the charges of graft and misconduct arising from the recall campaign. Harper could not be seen at his home today, it being stated there that his whereabouts were not known and he probably would not return until evening.

ARE TO BUILD

A \$10,000 Structure for a Fullerton Congregation—Cabbage is Shipped

FULLERTON, March 16.—The members of the Fullerton Methodist church have decided to erect a fine new church, the building completed to cost about \$10,000. The present church and lots will be sold. An option is held on the corner southwest of the hospital, a most desirable location. A grand rally will be held in the Methodist Episcopal church Friday night to discuss the matter. Dr. J. S. Pitner, presiding elder, and other speakers, will be present, and refreshments served.

The first carload of cabbage for the season will be shipped from here the last of this week. The California Vegetable Union has sent two cars from Norwalk, and one each from Anaheim and Northam. The present price is \$10 per ton, and it is believed this will soon be increased to \$50 a ton. A year ago the price was about \$5 a ton. It is said two or three companies will ship from Fullerton this season.

Miss Belle Henderson, Peter and Emma Alberty, Sam and Oscar Johnson, are new arrivals from Oklahoma and will locate here.

Orange shipments from here for the week ending last night, in carload lots, were as follows: Benchley Fruit Company, 9; Placentia Association, 9; C. C. Chapman, 5; H. F. Dalrymple, 5; Thomas Strain, 5.

Mr. and Mrs. E. C. Cross, Mrs. E. K. Benchley and Miss Veta Cross were San Diego visitors this week.

GOOD FEELING
LEFT BY C. E.

Ranchers About El Modena Would Like to See It Rain —El Modena Notes

EL MODENA, March 16.—The C. E. convention Saturday was a good demonstration of what Orange county can do when it tries. There were near 300 present and 249 enrolled. There never was such an enthusiastic crowd here before and they left a good feeling with the young folks here. Such gatherings are bound to impress the careless with the thought that there is something in C. E. work which they are losing. Many will go to the state convention at Pasadena. Everybody who can intends to see Father Clark when he comes to Orange.

Farmers are unanimously asking for rain now. It is needed not so much for the grain as for other crops.

Misses Cutright, McCollum and Crist went to Los Angeles to attend the Philathea convention in the Y. M. C. A. building there.

Mr. Crist, Mrs. Granger and Mr. Kissinger spent Thursday and Friday of last week attending the adult Bible class convention at the First Methodist church at Los Angeles. They report an enthusiastic convention and came home loaded with good things for the Sunday school.

The local pastor changed the Sunday evening's program. Instead of the usual sermon he announced that he would expect the audience to do the preaching and the evening service was a good one, interesting and profitable to all.

Mr. A. Lentz, junior partner in Lentz Brothers' store here, is soon to build a home near the store on his lot.

A. O. Hodson who has been suffering with a severe attack of pneumonia, is able to be out of his room now, though not out of doors yet.

John Bond is a regular attendant of church services now and often takes part. He is talking of visiting a daughter at Monrovia soon.

Homeseekers are visiting this little village looking for permanent homes. There is a good school and a good Sunday school. The latter has over one hundred members and plans are talked of for the enlargement of the church to care for the ever increasing Sunday school.

The Otto Summers are rejoicing over the advent of a little girl at their home who arrived Friday night. The Ed. Gillmans are the proud possessors of a new boy. He and the little Miss Summers arrived near the same time.

PUT AN END TO YOUR STOMACH TROUBLES

Have This Over With Forever
So You Can Eat Any-
thing You Like

—Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work. Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, stomach gas and stomach poison, putrefying

the intestines and digestive canals, causing biliousness, headaches, dizziness and indigestion, heartburn, nauseous breath, constipation and other more dangerous symptoms?

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of the stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and erupts undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Diapepsin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

WHY

"1892" Pure Spun Aluminum Kitchen Ware Is Better Than Agate or Enamel

Because it is sanitary and saves your money, time and health. The genuine spun aluminum ware, stamped with the Maltese Cross, will outlast any other cooking utensils and is guaranteed by the makers for twenty-five years.

It is pure, wholesome and hygienic—no danger of metal poisoning—cannot chip into the food, because pure SPUN Aluminum expands with the heat and will not crack, scale or peel like the old style ware.

Enamel ware is iron coated with colored glass. Heat causes the glass to chip off into the food in minute particles, which, taken into the stomach, is apt to cause serious troubles, including cancer, according to some medical authorities.

"1892" Pure Spun Aluminum Ware is made from solid Aluminum throughout—no coating of glass—and expands uniformly under heat. It cannot crack, scale, peel like the out of date enameled utensils; it does away with all possible danger from this source.

You owe it to yourself, and to every member of the household, to give this new and better kitchen ware a practical test. If it fails to do what is claimed for it, you get your money back without a quibble or a cross word.

EXILED SENATOR RETURNS HOME

Fugitive Senator Eli Wright Re-
turns to San Jose From
Fevered Flight

One word, "come" was flashed several weeks ago from California to the depths of South America. As a sequel former Senator Eli Wright, fugitive and exile, charged with accepting bribes from the Continental Building and Loan Association while a member of the senate four years ago, is father again in his little home in San Jose. As told in the columns of The Bee in an interview with the wife of the wanderer when efforts were being made to have the indictments returned by the Grand Jury against Wright dismissed, Mrs. Wright at once telegraphed the good news to her husband. The tragedy of the San Jose politician is woven about Sacramento.

A reunited family, the hearth of a little home instead of the gaping prison bars, the welcome of friends and relatives rather than the summons of the warden to the striped life of the prison, these changes brought back Eli Wright from nearly four years of wandering over half a continent. All Latin nations lie in the fevered wake of the traveler, where he submerged himself in the depths of a foreign race, and existed without the sight of a friend.

The first words on his lips when he returned to Montevideo were, "I am not guilty, and I am going back to Central America. I have prospered in those strange regions. And now they call to me to come back, and I shall go with my family. I left San Jose," continued Wright, "because I thought I could not receive fair treatment. I shall not tempt fate by living there. Some whom I love would not be the same towards me again. In Montevideo I am agent for the American Harvester company and reporter for the R. G. Dun Company. I saved much money there. Then it was a resting place, now it will be a home."

It is a pathetic tale Wright tells of circling the globe, fleeing from the sight of man, and the spectre of the penitentiary. After loitering around the water front of Mobile he shipped for the Port of Cortez, Honduras, where the jungles of a fugitive's paradise closed about him. There each distrusted the other, and he worked in

the interior or on the "beach" as a common wastrel collecting mongrel Spanish that he might travel. He mastered the strange tongue and manners frantically as he herded peons on the plantations or checked fruit, moving about constantly.

With a command of the Latin doggerel he moved about more easily, and says that he had no financial troubles after the first year.

He dropped down into Venezuela, leaving Panama because of the numerous Americans. The waves of the wanderlust drifted him into Montevideo, then to Chile around the Horn, back to Brazil, and the tropics again. Alert to elude the curious, he flapped from nation to nation, a solitary passenger of panic, the wandering Jew of a later day. Later he tramped through England, Scotland and Ireland. He left October 19, 1905, and until he stepped from the train into the arms of his wife Saturday night, he had not seen one friend.

When interviewed in his home shortly after his arrival, he was surrounded by his children, and tears rushed forth when he told of his weary tramping. He talked sadly of his fugitive life until November 28th, when he received the message from his wife. He arrived in New York February 14th. When he said he was glad to get home his lips trembled.

"You never will know what that word means," he explained, "until you have traveled the wide, wide world, and never met a man whom you knew, and what is worse, didn't want to." He was in constant correspondence with his wife.

Wright was charged and tried for accepting bribes with Senators Emmons, Bunker and French in connection with the legislative investigation into the Continental Building and Loan Association. In 1904 Wright was elected to the senate from San Jose, after serving two terms in the assembly. In 1905 he was alleged to have been caught accepting bribes, and detected by marked money. He was expelled and indictments returned against him in Sacramento county. He pleaded not guilty before Superior Judge Hughes of this city, and was released on \$5,000 bonds.

He then gave up hope. Swearing he is innocent, he declares he would have gone to prison not guilty, because his resources were exhausted. He sold his little home, paid his bondsmen, and disappeared. His family were without income. Attorney E. L. Rhodes of San Jose circulated a petition and submitted it without avail to District Attorney Wachhorst of this city. The second petition proved effective. The indictment here was dismissed.

BATTING AVERAGES OF YELLOW SOX FOR SEASON

The figures that follow will give the followers of the diamond a peep at what their favorites, the Yellow Sox did in the way of welding the willow during the winter season.

In all there were twenty-seven players who played with the Yellow Sox. Of this twenty-seven men, Henline, one of the fastest center gardeners who has ever been seen in the south, leads the bunch with a grand average of .373. Henline has played in sixteen games in which he has been fifty-nine times at the bat and connected with the horsehide for twenty-two safeties, two of which were triplets and six two-baggers. Henline was also the leading run-getter, scoring ten runs of the sixty-seven scored. Henline was also chief base stealer, having seven purloined sacks to his credit.

Dire distress, diabetes, Bright's disease. Profit by a Santa Ana citizen's experience.

Mrs. W. T. Hamner, of 928 West Fifth street, Santa Ana, Cal., says: "I was not long in finding out that Doan's Kidney Pills have the merit they are claimed to possess. I was much distressed at times with headaches and at night just before I would go to sleep, cold chills would run up and down my back. About two years ago I had a spell of sickness and the physicians who treated me, though they differed somewhat in their opinion, told me that the trouble was caused by my kidneys and bladder. I recovered from this illness but did not know how to account for the headaches and cold chills. It occurred to me that Doan's Kidney Pills might be of benefit and I obtained a box at H. S. Tubbs & Co.'s drug store. On commencing their use I soon felt their good effects and in a short time all traces of my trouble had disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Wholesale or Retail?

A wholesaler can sell his products at a lower price than a retailer. For the same reasons we can wholesale power cheaper than it can be manufactured at retail in the average shop.

If you take account of all your power expenses—fuel, labor, repairs, insurance, taxes, interest, etc., and can actually determine what your power costs you, it may interest you to know what our estimate on supplying you with power from our lines will be.

Remember we produce at wholesale and you can only produce at retail.

We shall be glad to make an estimate for you.

GROCERS NOT TO BLAME

The Register wishes it understood by the public that the grocers who have suffered arrest as the result of inspections by the state pure food authorities are in no way to blame for the situation in which they were placed by the bringing of prosecutions. Our local dealers buy from wholesalers and in the purchase of stock they cannot do otherwise than accept the wholesaler's word for it. The grocers themselves are innocent of wrong doing and it is a well known fact here that they have rejoiced at the passage and enforcement of the pure food law, for only in that manner do they get an absolute guarantee from the wholesalers. Local grocers are adopting the policy of demanding that the guarantee be written. The result of the enforcement of the law is beneficial, and in its enforcement the pure food inspectors have the hearty support of Santa Ana grocers.

A FEARFUL EXAMPLE

The day after the election of the late and unlamented Mayor Harper of Los Angeles the Times used the following language: "We are to have a Royal Arch Mayor and corporation mayor and a 'wide-open town,'" and that paper now quotes its utterances at that time in proof of its acumen in thus early summing up the situation. In this we have the implied assertion that the liquor interests and certain corporations were political partners, and had succeeded in making Los Angeles "a wide-open town." The wide open part of the program was of course conceded to the liquor interests by the corporations referred to in return for the benefits of the corporations might be able to procure from a mayor of the Harper stripe.

The situation as thus sized up by the Times just after the election of Harper, it now "points to with pride" in a spirit of "I told you so," and calls attention to the fact that the event has justified its words at that time. And about that there cannot be two opinions, for no doubt Mr. Harper's entanglement with the liquor interests is the direct cause of his downfall. Between Harper and the Royal Arch, Los Angeles has not only suffered in her good name, but has probably lost out greatly in a financial way, which is always the case with such a government as that represented by Harper as the agent of the tough element.

Although it is not likely that the whole truth will ever be known, enough has already come to light concerning the sway of the Royal Arch in Los Angeles to make every wide-awake and progressive citizen an uncompromising antagonist of the liquor traffic. It furnishes another vivid illustration, if such were needed, of the disposition of the liquor traffic and of the fact that it blights everything it touches. The only way to escape is to keep far out of its reach. It gathers around it the horrible red light district, the thug and cut-throat, the gambling den, and enters into partnership with any political influence that promises protection to these relics of barbarism.

A GOOD SHOWING

One of the surest pointers on the financial subject is that of the amount of money spent in buildings. If it decreases it indicates either that money is scarce or that confidence is weak, and perhaps both. On the other hand if it increases, it necessarily shows that money is getting easier or confidence stronger, and perhaps both.

As matters now stand over the country they indicate a remarkable change for the better in both respects, over the conditions existing a year ago. The building record for February, 1909, in forty-four cities of this country, shows a gain of 132 per cent over the corresponding month of last year. This is certainly a remarkable showing and is an occasion for gratitude, not only as indicating a return to healthful financial conditions, but because of the actual increase in the intrinsic value of the holdings of the country occasioned thereby, as well as placing large amounts of money in the hands of the laboring men. It is also encouraging that the greatest per cent of gain was in

the City of New York, where the recent financial troubles originated, showing that confidence has fully recovered there.

As for Santa Ana and Orange county, we are not in possession of data from which to make comparisons, but contractors and lumber dealers agree with observant citizens in saying that we are doing more building at this time than at any other time in years.

SCHOOL GARDENING

We hear good reports from school gardens all over the country—have been hearing them for several years. Pasadena and Long Beach, among the cities of Southern California, are attracting most attention in this respect. Superintendent Graham of Long Beach started this good work in Pasadena when he was at the head of the schools in the "Crown City," and now he is getting it well under way at the "Queen of the Beaches."

It is a step in the direction of a fuller and more practical education, and it is to be hoped it will be taken by Santa Ana and other cities soon. If a little instruction goes along with it so much the better, for gaining at the same time a theoretical and practical knowledge of plant life starts a young man out on the highway of life on both feet, so far as making a living out of the soil is concerned. He has a great advantage over him who comes from school knowing only about a lot of ologies that do not count for much in the making of a living.

And why should they have to wait until they can go to a college expressly fitted for it? There is nothing more natural than for a child to take to plant culture, and besides by encouraging the practice some Luther Burbank may be developed who will prove a real "wizard" in the transformation and development of the products of the soil.

And so with the girls as florists. What more delightful or elevating and profitable withal, than the study and cultivation of flowers? And with the climate of Southern California to second their efforts, our girls should be encouraged to exercise their talents and their muscles in this direction.

How beautiful and fruitful vacant lots in the neighborhood of school buildings could be made by turning them into school gardens!

Sometimes you pass a school house the gardens of which look as though owned by some widow who has to take in washing for a living. Weeds and grass of every kind except the ornamental abound in disorderly profusion. It is probably the only neglected yard for a mile around, when in fact it should be kept in the best condition of any except, perhaps, that of a church, which, sad to say, is often a good second to the school in this respect. This becomes a daily object lesson to the children, by which they are taught anything but art and order. How nice it would be for the directors to have them instructed to keep the grounds in neat condition, and to plant flowers where weeds now grow. A good idea would be to give a banner for the best kept grounds. If such is done the Register will guarantee that the Santa Ana schools will give a good account of themselves.

THE TEST OF THE WOODPILE

Some of the good people of Los Angeles who have a laudable ambition to assist that class of the needy who deserve help, have been experimenting this winter with a woodpile. Any one out of work could get wages by which he could live, if he was willing to work on this wood pile. The promoters of the scheme now claim that it has proved a great success and are trying to raise a fund of \$10,000 with which to endow a permanent wood pile for the above purpose. They say it effectually sifts out the wheat from the chaff, so to speak, and tests the good faith

of all able bodied claimants for charity. This is no doubt true, for the Register can testify from actual experience that nothing can more effectually try one's metal than a properly equipped wood pile. Any one accepting it as an alternative shows an amount of good faith and heroism that should commend him to the hardest hearted.

And then when some lazy lubber applies at the back door for a hand-out, the good wife can give him the street and number where he can get his wants supplied, with the assurance that when he gets there and the full horror of this situation dawns upon him, it will take away his appetite and thus ease the gnawings of hunger, if such he has.

Another good point in this plan is that the wood when manufactured is sold at cost to the needy. In fact the whole affair commends itself to the charitably inclined, and affords such an excellent chance to dispose of a little of their surplus in a cause that insures it to do the most good. Such enterprises as this are the ones that really count for the mitigation of human suffering, for no part of the money spent is wasted on the scamps who are seeking to spend their lives in idleness and dissipation at the expense of charitable people. Let us have more wood piles of this kind, which not only supply the pressing needs of those who deserve help, but which may also save many from crime.

Attractions at the Theaters

Will Be Here Soon

Manager McColloch begs to announce that he has secured for March 23, at the Grand, twenty all-star colored artists in the musical farce comedy, "A Trip to Africa." A high class company, a high-class rollicking band of merry-makers giving a program of clean, wholesome fun, interspersed with enough music, both vocal and instrumental, and numerous vaudeville specialties of an amusing and serious nature to please all classes of our theater patrons, for it is something out of the ordinary run of attractions which have visited us heretofore. They produce an entertainment all new and up-to-date, with challenged band and orchestra, nothing to equal it ever seen here. Await further announcements and appearance of the popular comedian.

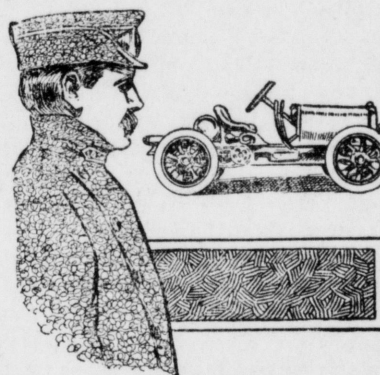

Mr. John Drew at the Temple Theater

Another big treat is in store for the patrons of the Temple Theater, manager Roberts having secured Mr. and Mrs. John E. Drew, America's representative entertainers, introducing songs, dances, and high class comedy. An act that always pleases. The "Drews" come as a headline feature for a limited engagement of three nights, Wednesday, Thursday and Friday of this week. They alone are worth the price of admission. "The Temple" has an unusually strong bill for tonight, Wednesday.

CARS SOLD IN 1909 IN ORANGE COUNTY

Ernest Priestley, of west of city of Orange, one Reo Model G.

The reflective chauffeur will find much to admire in the mechanism and general construction of our automobiles. They are built for strength and endurance, yet possess great speed and are steady when going at the highest notch. Every modern improvement is embodied in these motor cars, and we respectfully invite you to have a ride in one by way of a demonstration. This will prove to you the efficiency of these superior cars.

St. Patrick, the good old saint, whose apocryphal memory is literally kept green each year, has been everybody's patron saint today. The dainty shamrock and bows of green ribbon have been the popular decoration.

One daring and devoted lad traversed the streets this morning with a shamrock leaf pasted on the end of his nose. He also paid sartorial tribute to Erin's saint by a startling combination of green socks, big green bows on his shoes, a deeply, darkly beautiful green shirt front and a tie of corresponding tint. He was accompanied by a friend who also sported Saint Patrick's color in more retiring style, and the two were greeted with smiles and chuckles wherever they went.

Banquet Tonight
The Chamber of Commerce banquet, to be held tonight at the Dragon, will doubtless be a successful function, many guests from over the county being expected.

Welcomed Mr. and Mrs. Flook
A number of the ladies of the Baptist church and the old neighbors of Mr. and Mrs. Robert Flook, who have recently returned from a year's stay in Redlands, gave the Flooks a pleasant surprise last evening in the way

of an informal reception at the home of Dr. and Mrs. J. Herndon Garnett. The greatest pleasure of the evening, apart from the cordial words of welcome to Mr. and Mrs. Flook, was the music rendered by a number of well known musicians of Santa Ana. Mr. and Mrs. Percy K. Lusk and Miss Kassa Bailey played delightfully, being generous in their contributions. Miss Emily Peterson and Lou P. Hickox each sang pleasantly, both being in fine voice.

No small part of the sociability of the evening was the cheerful conversation enjoyed over the dainty refreshments served in the dining room.

In College Play

Santa Ana girls were prominent in the Junior class play given Saturday night at Pomona College, Claremont. The play was Henry Arthur Jones' "The Maneuvers of Jane," with Miss Irene Beatty as Jane Nagle. Other Santa Ana girls in the cast were Misses Florence Bowes and Mabel Brown. That all of these did credit to Santa Ana goes without saying.

Traveled His Miles

Dr. J. P. Boyd has bought a Tourist automobile, and Alto, the doctor's horse, is going to get the first long rest he has had in fifteen years. Alto has traveled enough miles in those fifteen years to take him several times around the globe, and he probably is of the same opinion that the doctor is, that it is time he was giving way to a "red devil" machine. Alto will retire from professional service and live on a pension.

Her Seventieth Birthday

Mrs. Lucy Elliott, mother of Mrs. Geo. Post, reached her seventieth birthday on Monday, and in the afternoon Mrs. Post entertained in her honor. A number of friends, including five friends from Garden Grove, helped make the occasion a pleasant one with the assistance of Mrs. Post, who was a charming hostess. The rooms were almost transformed into bowers, so abundant were

the flowers, roses, lilies, bridal wreath and smilax all being used. Music, recitations and various amusing diversions beguiled the hours, with pretty prizes for winners in the contests. A courteous repast completed the afternoon, unanimously pronounced a charming function by those present.

The guests invited to pay their respects to Mrs. Elliott were Mesdames M. B. Allen, Preston, Amy Graves and Matsson of Garden Grove; Wm. Davies, Oscar Matthews, Davenport, G. R. Wilson, A. McCowen and Palmer and Miss Matthews of Santa Ana.

Primary-Junior Union

Miss Meme Brockway, who was expected to be present at the Primary-Junior meeting tomorrow at the First Presbyterian church, will not be here, as she is detained by state Sunday school work elsewhere. However, she sends her best Junior worker, Mrs. Gentry, who will take her place. All Sunday school workers are invited to be present and meet Mrs. Gentry tomorrow afternoon at 3:30.

Household Economics Club

The Household Economics Section of the Ebell Society will meet with Mrs. C. M. Jordan, on Tenth street, Friday afternoon.

Dance Tonight

The St. Patrick's dance to be given tonight by the members of Santa Ana Canton at Spurgeon's Hall must not be forgotten. All those on the invitation list of the Ladies' Canton dances are invited to be present.

Don't Fail to Be There

The Intermediates of the Christian Church will serve supper Saturday night from 5:30 to 7:30 at the G. A. R. Hall. Afterwards a good program will be given and a social hour enjoyed. All are cordially invited.

The Salad Club

The Salad Club girls were guests last night of Miss Eva Bradford, who entertained them with a delicious supper at which a salad was of course the principal feature. The evening was one of pleasure as the evenings of the salad club always are.

The Elks Dance

The final dance of the series lately given by the Elks took place last night. The dance music was of the merry note of old Ireland in honor of Saint Patrick, and inspired the feet of the dancers to trip gaily to the lively measures played by the Schone-man-Blanchard orchestra of Los Angeles. The programs were dedicated in color and style to the good old Saint.

Many of those who usually attend these dances were out of town but there were enough present to comfortably fill the floor and the evening was highly enjoyed. It is regretted by those who have been guests at these pleasant affairs that there will not be more of them this season.

Will Go to Oakland

It is learned with regret that Mrs. C. A. Young and her daughter Miss Helen, expect to leave Santa Ana at the close of the school year to join Mr. Young, who has made his headquarters at Oakland. These estimable people will be greatly missed from Santa Ana, where they have made many warm friends.

It is reported that Mrs. Young yesterday disposed of their valuable property on North Main street, preparatory to their departure in June.

A Birthday Event

Miss Laura Zerman of 517 East Sixth street, gave a very delightful surprise party last evening in honor of the thirty-sixth birthday of her nephew, A. N. Zerman.

The house was elaborately decorated with flags and bunting, flowers and smilax. A six course dinner was served at a daintily appointed table, on which cut flowers were used in decoration.

Covers were laid for the hostess, Mr. and Mrs. M. D. Bellows, Mr. and

PERSONALS

Mrs. Ella Parker is attending the Woman's Missionary Presbyterial in Los Angeles, which opened yesterday with young people's work, and continues through tomorrow and Friday. Mrs. Parker will stay over after the Presbyterial to visit friends in Los Angeles and Pasadena.

Mrs. Wm. F. Lutz spent today in Los Angeles.

Miss Geneva Remsburg is at present in charge of the office of the Walker Cottage Co., Los Angeles, going up daily to look after the business.

Fred Kingston was a passenger on the 8:35 Los Angeles bound car. Mrs. Cutler and Mrs. Ed. Tedford were each delegates to the Woman's Presbyterial annual meeting being held in Los Angeles, March 16-18.

Miss Grace Covert spent today in Los Angeles. Miss Covert and her mother were guests of Mr. and Mrs. Lamme on an auto tour to the city in the earlier part of the week.

Mrs. R. J. Blee will spend today and tomorrow in Los Angeles, during the session of the Woman's Missionary Presbyterial.

Mrs. Chas. Schenck was a visitor to the City of the Angels today, attending the annual meeting of the Woman's Presbyterial.

Miss Margaret Bowen spent yesterday afternoon in Orange visiting friends.

Mrs. H. S. Gordon was a passenger on the 8:35 car for Los Angeles, where she went as a delegate to the Woman's Presbyterial.

Mr. and Mrs. Elmer Bowers, Mrs. Crockett Bowers, Mrs. W. W. Crossler and Miss Florence Crossler had a delightful auto trip to Capistrano yesterday, enjoying to the utmost the beauties of the spring landscape, and the charm of the old mission.

Mr. and Mrs. George McPhee left yesterday for a trip to the north, expecting to be gone for a week.

C. W. Sheats went out on the 9:30 Los Angeles car this morning.

Herbert Tyler, who has been visiting here for the past three or four months, left today for his home in Portland, Oregon.

Mr. and Mrs. W. H. Taylor of Montana, have been visiting Mrs. A. E. Ott this week. They left for Los Angeles this morning on their way home to the north, where Mr. Taylor has enormous sheep and mercantile interests. The Taylors have spent the past four months in Southern California.

Mr. and Mrs. A. Merigold, who went yesterday to Los Angeles to consult an eye specialist in regard to the removal of a cataract from Mr. Merigold's eye, returned much cheered. The cataract can probably be removed successfully in a few weeks time.

D. L. Anderson was a visitor to the city today.

Gen. and Mrs. F. H. Case spent today in Los Angeles.

Mrs. Geo. H. Whidden went over to Hermosa Beach this morning and

will spend several days there visiting with friends.

The Fraternal Aiders will have a St. Patrick's evening tonight.

Miss Hubert, who recently removed here from Orange, and who is prepared to give lessons in oil painting, displays some beautiful pieces in Merigold's tomorrow. The most striking of these is a framed plaque, on which is the figure of a woman with windblown draperies. The treatment is simple, but artistic in the extreme.

Mrs. Olive Lopez, social editor of the Blade, is at home from a week's visit to Long Beach, San Bernardino, Ontario and other points. She also took the "Balloon" trip during her week's vacation.

Mr. A. J. Whiffen, superintendent of the county insane asylum located at Cheboygan, Wis., has been a guest of the H. C. Humphreys of French street, this week. He will leave today or tomorrow for Wisconsin.

Mrs. Frank Trickey, who has been ill for several days is improving.

Dr. J. I. Clark is still confined to his home with a case of grippe.

ANOTHER PAVING COMPANY COMING

The Barber Asphalt Paving Co. expects to enter competition here for street paving and will also make a fight to get into the field at Orange and Anaheim. Frank Buffum, district cashier of the Barber company, was in Santa Ana today getting a list of property owners on West Fourth street. With that list he will prepare a contract to be submitted by his representatives to the property owners with the hope of securing contracts for doing paving. Mr. Buffum stated that paving prices would be cut.

BOYS HOBOING IT THROUGH TO SOUTH

Two boys giving the names of Young and Nelson were arrested last night by Officers Murray and Hamilton and placed in the county jail. The boys were hoboing it through toward San Diego. Nelson claims he has no relatives that he knows of. Young said he did not like his step-mother and left his home in Los Angeles with his father's knowledge.

DOMINGUEZ LIKELY TO BE WELL AGAIN

Beneslau Dominguez, who was stabbed through the left lung by Trinidad Estrada last Saturday, is today reported as doing well with prospects that he will recover. While Dominguez is in the hospital the county will care for Dominguez's wife and seven children. Supervisor MacMullen put the family on his list yesterday.

Something Unusual

—That Thacker's great Crockery and China Sale, now in progress, is something out of the ordinary, is proved from the fact that nothing in his immense china room is reserved. Everything, Haviland china, German china, English and American ware, fancy pieces, staple goods, dinner patterns, etc., all are included in this great stock-reducing sale. Profit is not considered now; we want to reduce our stock, and if prices will do it, it will be done. Our prices have always been low, and when you deduct 20 per cent to 50 per cent, and in some cases even more, from them, you are getting bargains. A trip to our store will convince you that we mean business.

A. L. Tomblin Funeral Plans

The funeral of the late A. L. Tomblin, Sr., will be held tomorrow, Thursday, March 18, at 10 a. m., at the family residence, 501 East Seventeenth street. Following the funeral service, the remains will be taken to Los Angeles by Mr. Theo. Winbiger and placed in a vault until the arrival on Wednesday next of the sons and other relatives. At that time the interment will take place in Rosedale cemetery, Los Angeles.

In the meantime, the family will remain in Santa Ana until that date.

ANOTHER GAME TO BE PLAYED WITH THE SAINTS

Santa Ana high plays one of its hardest baseball games of the season next Saturday afternoon when they meet the St. Vincent high school team in a return game on the local diamond. Two weeks ago the home boys were defeated by this crack bunch of players in Los Angeles, the score in ten innings being 4 to 3.

The St. Vincent supporters did not accord their visitors the best of treatment but Santa Ana is determined to treat them "white" and show the Angel City players how to play ball on a fair basis.

The management intend to make this a ladies' day affair, ladies being admitted free.

ALL CELERY CROP GONE EXCEPT THREE OR FOUR CARLOADS READY TO GO

SMELTZER, March 16.—The Celery Growers Association of Orange county held a special meeting Monday afternoon in C. V. U. House, No. 11, at Smeltzer to consider several new propositions for handling of the celery crop the coming season. One proposition was for the Association to retain its present organization but to turn over all the office work, car loading, etc., which the association handles now, to the California Vegetable Union at a price that would make a saving to the association. This proposition was voted down and a proposition made by Mr. Geo. W. Moore to resign his office as Supervisor of 2nd district, Orange county, and devote his entire time to the business of the association for a salary of \$2,400.00 a year was accepted. The present contract between the California Vegetable Union, under which the C. V. U. handle all Eastern and outside shipments and the association all locals to Los Angeles, was ratified for the ensuing year. It is not known at the present time just when Mr. Moore's resignation will take effect, but in him the county will lose a valuable and faithful representative.

Celery is all cut and shipped out, save three or four cars, our Smeltzer rain frog has at last quit his daily concerts and let the rains stop and we have a chance to size up the situation and see just where we are at. Some few celery growers have just made out even on this season's crop and one or two have made some loss, but nearly all have evened up on last year and made a good profit beside.

The Golden West ranch is, as always, the largest shipper in the association and has marketed many thousands of dollars worth of celery, most all of which was first quality and brought best of prices in the Eastern markets.

We have had so much rain here during the past winter that it seemed at times as though Smeltzer district would slip its moorings and float bodily out to sea. However, the wet has made next summer's beans, hay and beets a sure thing for this section and will, accordingly mean a fit ending for an exceptionally prosperous year for the peat lands.

A large acreage through the district will be put in sugar beets this year, some growers quitting celery altogether, and the greater portion of the later crop will go in down in the river bed country. They can raise fine celery down there all right, but how muddy it will be when the rains commence. We have good roads up here but during the wet they got cut up so badly that four horses could only drag twenty-five crates of celery into the stations.

Much of the celery land, as well as some new ground, on the Golden West ranch was set to cabbage as soon as the celery was cut off. This crop would be a gold mine but for the fact that so much wet has caused it to run to seed stalk to a very large extent. However, Monday morning an offer of \$50 per ton for shipments into Los Angeles market was received at the Golden West office and at this price, the highest the writer has ever heard of, there will be enough cut from the acreage to make a good profit on the land.

Asparagus is doing well for so young beds and what is shipped from the Golden West ranch brings highest prices in the Los Angeles market, there being none received from other growers to compete with this for quality and attractive bunching and packing.

The artichokes are coming on in good shape and are retailing in Los Angeles at from 55c to 80c per dozen. Woody has the packing of these in his personal hands, Joe Bush crates the cabbage as fast as they are hauled into the house for him, Fred Hopkins loads what little celery comes in, and the writer and Jake Grano handle the

bunching of asparagus making a busy bunch of the office force as well as the ranch hands.

Life has been a little hard and even monotonous here at times during the past winter, but usually it is full of interest and incident; something doing all the time. History telleth not how many kegs of wine the "Bloody Three" and "The Dirty Dozen" have stolen from the Japanese and Italians during the past winter when the owners thereof failed to meet the morning train in person, but, when the last keg was found empty and sunk in the canal next morning, our friend Kako did not seem to mind the loss of the wine at all but was grieved that they had bored two new holes in the keg where there were already a full supply of outlets for the wine. All wine received since then comes in by express, as there is an agent here who is responsible for goods received.

Mrs. Kelly is making good all right with the hotel, but the free night lunch feature has been discontinued since her taking charge. Under the Hill regime it was the nightly practice to raid the pantry and lunch on the findings therein. But one night some of the ranch hands robbed some of the ranch colts of their breakfast and put the milk in the appointed place in the pantry. At the right time the "Bloody Three" came in on tip toe to their nightly raid. "Hist! hist!" says the leader, "Methinks there are crackers and milk in sight," for his eagle eye had spied a pitcher of milk on a shelf. "Haden't we better leave it," says one, "they might need it for breakfast." "What?" says the captain of the pirate crew. "Nothing like that in my family, they left it for us!" And so they went to it. But next morning it was discovered by one and all what they had done: One pirate was frisking around all over the road, kicking up his heels and whinnying; one was found trying to hitch himself up to a sulky plow at the blacksmith shop and the third was discovered by interested friends to have sprouted a mane down the back of his neck. Since then they drink their coffee straight and take no more chances on milk.

Another happening of nearly as great local interest was when some one fixed a dead fall for Joe Bush, with a three gallons of water all fixed in a bucket so that the opening of his door would souse him. Cliff Hunt had to go up and see how it was fixed and in consequence drew first prize in the shape of about half the water getting him. But the trap was reset and Art Messenger, finishing shaving in his room, went in to see the wreckage and got the full three gallons center, Joe alone coming through harmless.

The call went forth from headquarters last Thursday and on Saturday night there was a gathering of the clans at the new home of Mrs. Emma Hill at Berrydale. The Smeltzer con-

tingent turned it into a hayride excursion, starting originally from Huntington Beach and picking up passengers all along the way, until on getting to Garden Grove there was a full load in the wagon, but, when unloading, Fred Dimock, who was driving, took one of those foolish notions and stopped on the P. E. crossing to see if he could draw a whistle from an approaching car. Arriving at our destination we found every one else was there and the house was well filled. At midnight a dainty lunch of sandwiches, pie, two kinds of cake and coffee and olives were served, and made hungry by the long trip, our party filled up. Joe Bush ate four sandwiches but had to pass when he came to pie. However, Harriman was in a little better training and managed to worry down Joe's share as well as his own without turning a hair. The writer being a good hand on pie cut out the sandwiches and took in all the pie and cake in reach.

Getting an early start we arrived in Smeltzer just in time to miss breakfast, Frank Luton remaining behind to help fix up the grounds about the Hill ranch and carry in some wood. Mrs. Hill has a nice place and so large a dog house that the burro who took first prize in the Santa Ana Carnival last fall under the name of "Three Queens and a Jack" uses it for a bed room.

Judge Bentley, A. Gans, and the writer were guests at dinner at the beautiful home of Frank L. Carlyle Thursday evening. Mrs. Carlyle is past mistress of the art of serving beautifully a dinner such as one usually only reads about. Frank, Mrs. Carlyle and their mother, Mrs. Metzger, are about the best entertainers in this part of the world, and so with the dainty china and cut glass and flowers of the dinner table and the music and all coming after, it passes without saying that all enjoyed themselves exceedingly.

Mr. J. L. Boehme has moved his household Lares and Penates out from Santa Ana and himself and family are now at home to their many friends in the beautiful residence recently vacated by Mr. S. J. Hewitt.

Mr. G. S. Miles, who announces he will be correspondent of the Register at this point, is drawing up plans for the remodeling of the residence formerly occupied by S. S. Teneick, and soon as the necessary changes are completed will move his furniture out from Santa Ana and occupy one of the prettiest homes in our village.

Mr. and Mrs. Isaac Clemens and family, of Fullerton, and E. R. Bradbury and family, of Huntington Beach, were guests at the home of Superintendent Harry Woodington Sunday.

Elmer J. Wolter and Art Messenger, formerly leaders in the local social world, but now of Los Angeles, visited old friends here for a few hours Sunday.

Miss Ruth Clemens was assisting Mrs. Kelly at the hotel last week during the enforced vacation of Mrs. Minerva which was caused by cutting her foot on a broken table glass.

Joe Metzger, representative of the Celery Association in the Los Angeles office of the C. V. U., was in Smeltzer Monday to attend the special meeting of the association. It is reported that he will soon move to Santa Ana for the summer.

Mr. Walter Young, of Kendall & Young, of Smeltzer and San Bernardino, came down from Los Angeles Saturday to see how their local store was getting along under the management of Clayton and Curly.

Harry Cole, or "Kling Cole," as we call him, received a letter from the British Consul in Los Angeles last week, containing a draft in payment of the first installment of a legacy of some \$70,000.00 due him from the old country. This check was in payment for a small plot of ground recently sold and the full amount is expected soon as the estate can be turned into cash.

The "Dirty Dozen" held an informal orgy last night in the hotel library. All were present save the writer, who was busily engaged taking dictation from Mr. H. S. Hazeltine, and Searchlight. A most beautiful time is reported. Their stand-in with the Japs had played out and so they compromised on a pitcher of lemonade and ten cents worth of soda crackers for refreshments.

The writer has resigned his place here and will return to Los Angeles today where he will be associated in the lumber business with the western branch of the Kansas City Southern Mfg. Co., of Kansas City, Mo., and Walnut Ridge, Ark., who are closing out their Arkansas interests on account of their timber supply having been used out and are moving their business to Los Angeles and San Francisco.

Of Interest To Women

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were used to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of a woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too "Favorite Prescription" is recommended.

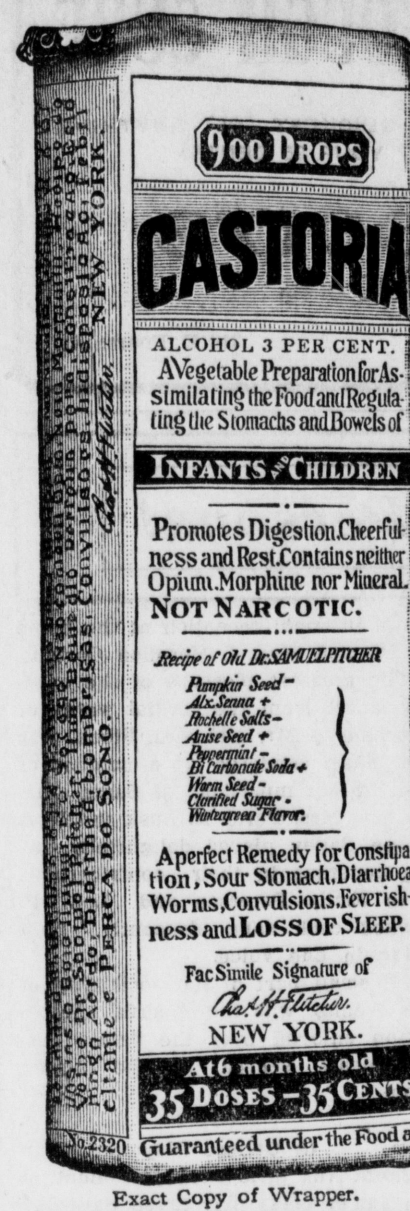

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

LOS ANGELES PRODUCE MARKET

None of the commission men on the Los Angeles market know just exactly the present status on onions. According to one dealer they are the most treacherous of the many commodities brought in here, to handle. As soon as there is the slightest appearance of weakness on the market, dealers will stop buying in quantity and will purchase just sufficient to keep their orders running out from day to day. Arrivals from the outside have been very heavy in the past three weeks. Cars have been coming from Oregon, Nevada and Utah, with an occasional car from other middle western points. One car of Minnesota Yellow Globes was received yesterday and it was impossible to find a purchaser. The price on all local onions declined. Yellow Danvers and Australian Brown were offered at 2.00 a hundred. Electric railway receipts were only 50 sacks. Eggs were unaltered in value, candled remaining at 22 cents and case-count at 20. Buying prices were naturally unchanged. There was only a fair demand for eggs, all from inside the city, the outside call having fallen off almost entirely. Receipts were 597 cases.

Butter arrivals were 40,595 pounds, among the heaviest of the year. There was an easy feeling in butter even at the current low figures on this account. Buying was not restricted to any particular variety. The only variety which is holding very firm is cooking butter, there being little of it on hand with the heaviest receipts of the first grade. Cheese receipts were good, 7632 pounds. Of this a majority was northern fresh full cream. There were practically no large sales.

Potatoes were not heavily called for. A few White Rose sold in a jobbing way at 1.85 a hundred. This is not as high as they sold for three days ago. The receipts were 1976 sacks. There were no changes in the old spuds, but some of the fancy new stock held a trifle higher. Sweet potatoes moved slowly and arrivals were light.

A slump in asparagus was one of the features of the fresh vegetable market. Arrivals were heavier than for five days past and, as a result, prices came down suddenly. Good grass was offered as low as 6 cents, while the average price held up to 9. The Imperial green stalk was in better call at the lower figures. Celery from Jersey Island on the Sacramento river, was again reported in receipts of a car lot. The price came down to 4.00 a crate. Local celery is about all gone, with the exception of some exceedingly fine stock which is in the cold storage plants.

Strawberries were down to 8 cents

BIG MACHINE MET ACCIDENT

Two of Occupants are in Hospital at Fullerton—Steering Gear Broke

Orange County Tribune: Thomas Rice of Long Beach lies in the Fullerton hospital with both bones of his right leg broken, while Dr. Sellery was badly bruised and scratched as a result of an auto accident in Brea canyon Friday, and the big machine is a total wreck. Rice, Dr. Sellery, John Kirkpatrick and wife and J. D. Helvey and wife left Long Beach for San Diego. All went well until the canyon was reached, when the steering gear broke, and the machine, which was going fast, went into the ditch. Rice was caught beneath the tonneau. Word was sent to this city, and an auto was sent to bring the party back home. Albert Sliton went up to the canyon Saturday to see what could be done to the broken auto.

Wants New Trial

passed the committee by a bare majority," said Needham, "but I thought it would be an excuse for the House to lower the duty on oranges. My hardest fight was to prevent the reduction of twenty per cent on oranges. It was pointed out that Cuba was the only competitor California had in the orange market, and now pays twenty per cent under reciprocity."

The general provision includes an inheritance tax of one per cent on a direct inheritance of from \$10,000 to \$100,000, four per cent up to \$500,000, and three per cent on anything above, with five per cent on amounts over \$500 inherited by collateral relatives or strangers.

The issuance of treasury certificates, to run one year, to the amount of two hundred and fifty million dollars, is provided for; also Panama canal bonds for the purpose of replenishing the treasury if necessary. Coffee is free, and beer is unchanged. Tea, formerly free, is taxed eight cents per pound from countries where raised, and nine cents from other countries.

Lumber and steel is reduced fifty per cent. Coal and agricultural implements are placed on a reciprocal basis, while wool and oil are unchanged; refined sugar is reduced five cents per hundred pounds; iron ore, free; hides free; shoes reduced forty per cent; wood pulp from countries not having export duty on certain forest products, free; printing paper reduced 66 2/3 per cent and 50 per cent, according to value.

TARIFF ON OIL IS

TO BE CONTINUED

WASHINGTON, March 17.—Sirens protests from California and the other oil producing states against the removal of the counter-vailing duty on petroleum, have been received in such volume by the tariff committee, that the action has been rescinded.

ORR MEEINGS A POWER FOR GOOD

Evangelist Speaks Concerning Other People's Money, Dancing and Cards

The evangelistic services at the United Presbyterian church of this city by Dr. W. W. Orr, the southern evangelist, are growing in interest and power for good. Dr. Orr is without doubt the best all-around evangelist who has ever conducted such services in Santa Ana.

He is not only an orator, but best of all, he is a man of spiritual power, a man who believes the Bible to be the word of God, believes what it teaches, and is not ashamed or afraid to stand on that platform.

His sermon on Monday night was on the "Holy Spirit," and was devoted to establishing the truth that: The Holy Spirit is a real person, not an "influence," or a "condition," or an "it," as He is often referred to by church people in our times, but one of three persons of the triune God who has a definite work to do in the salvation of sinners.

He showed that his work is to convict the sinner of his sin and after conviction and regeneration in the new birth as Jesus told Nicodemus, he must be born again, to qualify for service.

Dr. Orr's sermon last night was on "How to Get the Holy Spirit." He proved that Jesus, who ought to know, considered that something more than the new birth, or regeneration, was needed by the disciples or else He would not have told them to "Tarry ye in Jerusalem till ye be embued with power from on high." They were already regenerated, converted men, but in Jesus' estimation were not ready to be his witnesses. So they waited until Pentecost. While they waited they prayed and their prayer-meetings were not talking meetings, as our so-called prayer-meetings are. So we are to get the Holy Spirit by prayer.

He spoke of the lack of prayer in the home, even among church members, and said no family should be without the family altar. We must make restitution if we have acquired money or anything by wrong means. No man can get into heaven with other peoples' money in his pocket.

We must put away sin, must be willing to pay the price. He would not say that dancing and card playing would send one to hell, but it was on the border and no one can have power as a witness for Christ's influence over other sinners against sin who does any of these things.

In closing the service, while the choir sang softly "Whiter Than Snow" and all eyes were closed in prayer, he asked all that were willing to pay the price to rise and remain standing during the singing and a great number, perhaps 100, arose.

There is no effort to excite the people, but rather a careful weighing of the evidence and appeal to the judgment and conscience.

Tonight the subject will be "Growing in Grace, or How to Grow Stronger." While the services are held in the United Presbyterian church they are in no sense sectarian or in the interest of the church in which they are held, but are purely evangelistic, and if any are converted they are at perfect liberty to connect with any church they choose.

Embarrassing.
A colored woman of Alexandria, Va., was on trial before a magistrate of that town charged with inhuman treatment of her offspring.
Evidence was clear that the woman had beaten the youngster, aged some nine years, who was in court to exhibit his battered condition.
Before imposing sentence his honor asked the woman whether she had anything to say.
"Kin I ask yo' honah a question?" inquired the prisoner.
The judge nodded affirmatively.
"Well, then, yo' honah, I'd like to ask yo' whether yo' was ever the parent of a perfectly worthless cullud chile?"—Lippincott's Magazine.

Octopus.

A couple in a country village took their baby to be christened, and on the clergyman asking what name they had chosen the happy father replied, "Octopus, sir!" "What?" ejaculated the astonished divine. "But you cannot call a child by so extraordinary a name."

"Yes, sir, if you please," was the reply. "You see, it's our eighth child, and we want it called 'Octopus.'"

Tit For Tat.

"My dear," said the astronomer, "To me 'tis very plain
Since you your mirror use so much
That you are very vain."

"And am I, then, more vain than you?" His wife replied. "Alas,
For what else is your telescope
But just a looking glass?"

Santa Ana Hardware Co.

THE KANSAS TIN SHOP

No. 4

We have observed that among the lines of business represented in Santa Ana some of the hardware houses are trying to boost their business by "going for it."

Those fellows are sending out "drummers" thus acting on the advice of some of the jobbing houses.

Now, it costs lots of money to send a man out on the streets and highways and it don't add to the general volume of business (except as hereinbefore stated.)

For the past twenty-three (23) years we have been "doing business" in Santa Ana and we have been fairly successful. We have endeavored to give full value for the money we have received.

We have relied on square dealing and legitimate advertising to secure a fair share of the business of town and country.

We have no quarrel with anyone who chooses to send out solicitors for any purpose they may choose, but we will not follow them in that line.

But instead we will estimate a fair value for the time spent in "drumming" for the business and give the buyer the benefit.

We are aware that we will be accused of CUTTING PRICES and before we get through with this matter the evidence of that fact will be conclusive.

We have not been exacting an undue margin for our time and the money employed.

We "own every brick in the hut" we occupy and feel fully able to transact the business on a smaller margin than we otherwise could.

We have fully concluded that instead of dividing our profits with the "Drummer" we will divide with the purchasers.
